

X-MAP27-MH1,-MH3,-SCE3,-PC1

### Current status of the map material and software version (fig. similar)

In the main GUI, go to the settings at the bottom right.

Then select "About this software".

About	×	12:46	<b>?</b>
Version Information

Credits			
← i <sub>cs</sub>			

Then select "Version Information" or "Content".

The version number of the software is displayed. The specified date refers only to the development of the software and not to the status of the map material.

Select the "Maps" option under "Content".

Here you will find information on the current status of the map material for each country.

X-MAP27-MH1,-MH3,-SCE3,-PC1

Switch off the naviceiver before removing the microSD card from the device and inserting it into the SD card adapter supplied.

# X-MAP27-MH1 Europe

#### Go to www.naviextras.com on the internet.

Register on the website to create a user account. Alternatively, you can continue as a guest. To do this, click on "GET FREE UPDATES" at the bottom left and then select the "Continue as a guest" option on the right-hand side of the following page.

	If you have not installed the Naviextras Toolbox yet, please download it from here.

Now download the Toolbox software from Naviextras. The Toolbox is a free Windows utility program. To do this, tap on "DOWNLOAD".

Supported platforms: • Windows 8 • Windows 10 • Windows 11

After successful download, open the file **"Naviextras\_Toolbox\_Setup.exe"** and follow the installation instructions. After successful installation, start the toolbox.

X-MAP27-MH1,-MH3,-SCE3,-PC1

Now insert the SD card into the computer's card reader. The Toolbox then checks the content of the SD card and displays the new content available under "Updates".
